Guidance Office

6/10/13

To: Hardin Northern Staff

Concerning: Direct Deposit for the Hardin Northern Community Scholarship Fund

From. Andy Wilson and Michelle Obenour (HN Community Scholarship committee)

The Community Scholarship fund was established in 1984 to give scholarship money to Hardin Northern Graduates who choose to go on to some form of additional education. HN graduates must apply for the scholarship and complete at least one year of schooling to be eligible for the funds. The past few years, the scholarships have been \$500 a piece and we have typically had 15 to 20 given out each year. The community has always been very supportive of this as have staff members at Hardin Northern.

In order to make it easier for staff members to contribute to this fund, you may now have money directly deposited from your paycheck to the Community Scholarship Fund.

As an example: If you were to donate \$5 from each pay check, you would be contributing \$110 a year to the scholarship fund. Contributors are recognized in the graduation program each year.

Would you consider supporting the students of Hardin Northern as they continue their educations beyond the walls of HN? If yes, please fill out the below form and give it to Wes Potter. Thanks!

If you are interested in serving on the scholarship committee, please let Andy Wilson know.

Name: _____

*Amount you would like to have direct deposited out of EACH pay check _____

Signature

*This amount will continue to be withdrawn until requested in writing to stop.
