NOTE: Student must meet the college's enrollment requirements to be eligible to take these courses for college credit AND must meet HN pre-requisite requirements before taking any of these courses.

Students could graduate from Hardin Northern with as many as 61 semester hours of college credit!!

Quotes from former HN students who did Dual Credit

"I've never regretted taking dual credit classes. It gave me a taste of college course material before I even applied, plus it was free. I graduated from college an entire semester early because of it and also tested out of my math placement test/course. I would advise every high school student to participate in dual credit."

Kelsey Potter HN class of '08

"Dual credit is an opportunity that I am very thankful I took advantage of. It was very helpful in preparing me for college style classes, and it has also been helpful to have some credits done already, which saved me money."

Clair Wilson HN class of '18

For more Information contact the HN Guidance office at 419-759-2331 ext. 1202 or email andy.wilson@hardinnorthern.org

Hardin Northern High School

CCP/ DUAL CREDIT

Preparing for the Future by taking college courses now.

2020-21 School Year

Definitions:

- **College Credit Plus (CCP)**- High school student receives college credit and high school credit at the same time
- **CCP Dual Credit**- student takes a Hardin Northern class whose teacher is an adjunct professor for a college. Class offers high school credit AND college credit.
- **CCP at College**- Student takes a college course AT the college or university and receives high school credit and college credit.
- **Advanced Placement**- High school teacher and course are certified AP. Student completes class then must obtain a certain score on the corresponding AP exam to receive college credit.

Cost of CCP courses:

- Courses have no cost to the student provided the student passes the course. If student fails or quits course, the cost of the course would be the responsibility of the student and/or parents. Cost of books and materials are also covered in this program. Transportation costs would be responsibility of parents.

Transferability of Credits:

Students will receive a college transcript from the college or university granting credit. As long as the college being applied to would normally accept credits from the Dual Credit College, the credit will transfer, but this is impossible to guarantee.

Rationale:

It is the position of Hardin Northern that the following list of advantages gives our students the best opportunity to earn college credit. Hardin Northern has chosen to pursue dual credit options as opposed to AP courses because the student is awarded credit and grade based on completing the course, not scoring well on an exam. This is closer to the true college experience. Hardin Northern is so committed to this program that it chooses to cover the cost of this program providing great savings to our students and their parents.

Advantages to CCP DC

- College credit is awarded for courses often taken at HN anyway.
- Do not have to travel as you would have to with CCP at College.
- Do not have to take a National test to obtain college credit as you would in AP courses.
- Saves time and money. 61 Semester Hours is more than the equivalent of two years of college! (Note: Courses offered at HN are meant to offer a broad range of general ed college courses. Taking ALL the courses would not be in the student's best interest as most colleges would only be able to use a portion of the courses to replace requirements. The courses are NOT building toward a degree.
- No cost to student/family provided the course is passed

Procedure:

1. Meet admittance requirements set forth by the cooperating colleges. ACT score or College will provide entrance exam in April/May.
2. Take the prerequisite courses to be in a position to take the dual credit courses.
3. Request the Hardin Northern courses when scheduling.
4. Fill out the HN CCP enrollment application before March 31.
5. Fill out appropriate college application at appropriate time.
Findlay- By April 1.
<https://www.findlay.edu/admissions/apply>
Rhodes by April 1
<http://www.rhodesstate.edu/en/Future%20Students/College%20Credit%20Plus.aspx>
Urbana by April 1 .
<https://ccp.franklin.edu/greyhound/php/apply.php>
6. Work hard in course. Remember there is no financial obligation unless you fail or quit the course.
7. Upon completion of course (June following course)- request transcript (one free transcript per year) for appropriate college. You should provide this transcript to colleges you wish to attend following graduation.
